ACKNOWLEDGEMENT

First and foremost, I would like to thank Allah SWT for His grace, blessings, and guidance that gives me health, wisdom, and power in designing and finishing this thesis.

I would also like to thank the others that helped through the making of this thesis and would take this opportunity to say thanks and express the deepest gratitude to:

1. My beloved parents, Heru Seno Wibowo and Shanti Shinta Wardani. Without their support, I would not be able to be born in this world, grow up, and go to college. Even though I might be lazy at times and needed the extra push, they were never tired in reminding me to finish my school and thesis. Also I would like to thank them for all the coffee money they gave me since I had to put lots of all-nighters in the making of this thesis.
2. My thesis advisors, Dr. Eka Fadillah, S.S., M.Pd. and Ms. Endar Rachmawaty Linuwih S.Hum, M.Pd. as they have given their time, advices and motivations during my time in finishing this thesis, thank you for putting up with me for the past few months in the making of this thesis, I know I can be a pain in the leg for most of the times.
3. All of my lecturers in UWIKA's English Department, Mr. Yulius, Mr. Yohanes, Ms. Ria who taught me since the first semester until my last, thank you for sharing your knowledge and insights that helped me both academically and non-academically.
4. My boyfriend, Tingkas Priambodo, I would like to thank him for being able to handle my mood swings and crazy antics and being so understanding. It is too late to back out now since your name is in my thesis, and you are stuck with me forever, ha.

5. To all my friends in English Department, Tirsa, Merry, Sherly, and Zefa for being my support system since day one I stepped on this campus, I know you guys love me, no need to be shy.
6. My other friends from GACG (Oyu, Fulla, Vella, Dena, Momo) and my manager Rena for helping me relieve the stress I was having by constantly asking me to go out with them.
7. My childhood friends, Astya Dhia and Andri Rulian, for letting me rant at 1AM about unrelated subject and still replied it anyway; I will not trade them for anything since they are the best gossipers I have ever known.

Finally, I, as the writer, realized that this thesis is far from being perfect; therefore, any critics, suggestions, comments, and future discussions are welcomed. I also hope that this thesis will be useful for those who are interested in the field.

ABSTRACT

Samitha A. Wibowo (2023). A Semiotic Approach on Gender Stereotyping on Beauty Product Advertisement. S1. Thesis.
English Department. Widya Kartika University. Surabaya. Advisor I: Dr. Eka Fadillah, S.S., M.Pd.; Advisor II: Endar Rachmawaty Linuwih, S.Hum., M.Pd.

The purpose of this research is to find out the signs that are depicted in the beauty product advertisements and to find out what are the meanings of the signs that are related to gender stereotypes, by using semiotics theory by Charles S. Peirce. Descriptive qualitative method is also used in this research by analyzing MS Glow x Ayu Dewi – Rahasia Tampil Menarik Wanita hebat and MS Glow x Keanu – Cakep itu Nasib, Good Looking itu Pilihan. In addition, the researcher determined the icon, index, and symbols from those two advertisements as the data. The findings indicate that there are 3 icons, 3 indexes, and 3 symbols that represent women as housewife and women who multitask, 1 icon, 1 index, and 1 symbol that represent woman as a career woman, 1 icon, 1 index, 1 symbol that represents man who was acting tough, and 2 icon, 2 index, and 2 symbols that represent man who has occupational role as celebrity.

Keywords: Advertisements, Gender Stereotypes, MS Glow, Semiotics, Stereotypes.
